PLAN OF SALVATION

ACKNOWLEDGE your sinfulness. Romans 3:23 tells us that "All have sinned and come short of the glory of God." Romans 3:10 says that "There is none righteous, no not one." We are all sinners who in our present condition do not deserve and cannot obtain heaven. We are separated from God and need a way to "bridge" that gap.

REALIZE the Penalty for your sins. Our sins have separated us from God and carry with them an eternal penalty. Romans 6:23 reminds us "For the wages of sin is death..." This is a spiritual death, an eternal separation from God.

RECOGNIZE that Christ has bridged

that gap. Above, we quoted the first half of Romans 6:23, which is the bad news. However, the second half of the verse gives us the good news, namely, "But the gift of God is eternal life through Jesus Christ our Lord." Eternal life is a gift, it is not earned through works or penance or any effort of man. It is through the person of Jesus Christ, not through a church or another man or through works. Jesus died and paid the penalty for our sins. He was the just, dying for the unjust. He was our substitute. No church, no angel, no other man could that. He is the way of salvation. "I am the way, the truth, the life, no man cometh unto the Father, but by me." (John 14:6)

ACCEPT Christ as your savior. Ro-

mans again tells us, "That if thou (this means you), shalt confess with thy mouth the Lord Jesus, and believe in thine heart that God has raised Him from the dead, thou shalt be saved." Romans 10:13 says, "For whosoever (that means anybody, including you) shall call upon the name of the Lord shall be saved."

In a sense, God has made salvation simple, not necessarily easy, but simple. Realize you are a sinner and that you face an eternal penalty. Understand that Jesus paid that penalty for you. Accept His payment for your sin and trust Him to save you.

If you would like to accept Christ or need more help in understanding the plan of salvation, let us know. We'd love to talk to you about it.

But exhort one another daily, while it is called To day; lest any of you be hardened through the deceitfulness of sin. - HEBREWS 3:13 KJV

Tiny Flies, Extraordinary Ears

The hearing ear, and the seeing eye, the LORD hath made even both of them. – Proverbs 20:12

Do you know how your ears help you pinpoint the location of whatever you are hearing? Two factors come into play. First, you hear the sound louder in the ear that is closer to whatever is producing the sound. And second, the sound arrives at the closer ear a little sooner than the other.

So how does the tiny Ormia ochracea fly pinpoint sounds? Her ears are so close together, the sound arrives at one ear just a millionth of a second before the other! As Dr. Jonathan Sarfati tells us in his book *By Design*, this was no problem at all for the One who designed the fly.

God gave the tiny fly a bridge – a flexible lever – that couples both eardrums together. According to Dr. Sarfati, "The resulting resonance effectively increases the time difference about 40 times, and the eardrum nearest the sound vibrates about 10 decibels higher ... which is a big difference!" Thanks to this ingenious design, "the fly's mechanical and signal-processing technology is being used to improve hearing aids, which normally can't tell direction, and it could also be used to design miniature directional microphones."

Dr. Sarfati concludes, "Once more, the design in nature has taught top human designers some lessons." And yet, scientists continue to give credit to evolution "without the slightest explanation of how the mechanical structure and nervous coding system could arise by small mutations and natural selection."
